REACH Compliance Statement

The European Union Regulation **EC 1907/2006**, entitled “Registration, Evaluation, Authorisation and Restriction of Chemicals” is in effect since 01.06.2007.

The **REACH** Regulations ensure a high level of protection of human health and the environment by controlling the use of harmful substances within EU.

ASD Laminat is a manufacturing company for the production & manufacturing of HPL & CPL that are used in the construction and furniture industries and are considered to be “Articles” under **REACH** regulations.

ASD Laminat products are finished products and contains no chemical substances greater than 0,1% by weight of any of the chemicals identified as a substance of very high concern (**SVHC**) published by the European Chemical Agency (**ECHA**). ASD Laminat products do not release any harmful substances as defined by the EU REACH Regulations.

Therefore **REACH EC 1907/2006** is not applicable for any ASD Laminat products. However, ASD Laminat will always continue to monitor the regulations as specified (**EC 1907/2006**) and ensure complete compliance.
